Abstract:	It is not easy being Magnus Bane. As a warlock, he's often called upon to fix the problems of others. His life has been long, and his loves have been many. And Magnus has a way of making sure he's in the right place at the right - or perhaps wrong - time. The French Revolution, Prohibition, the first great battle between Valentine and the New York Institute ... Magnus was there, and usually in the middle of it. Magnus will never be able to tell all of his tales. No one would believe him. But these 11 stories shed a little light on his often inscrutable character. They are stories he probably wishes had never got out.

Abstract:	<p>Eleven-year-old Danny's parents are storm chasers - which sounds fun and exciting, and it is, so long as you aren't the son who has to wait behind at home. And one night, after a particularly fierce storm, Danny's parents don't come back. Stranger still, the old sycamore tree in Danny's yard seems to have been struck by lightning, and when he picks up a fragment of wood from the tree's heart, he finds he can hear voices ...including that of next door's rather uppity cat, Mitzy. The stick is a taro, a shard of lightning that bestows upon its bearer unnerving powers, including the ability to talk with plants and animals - and it is very valuable. So valuable in fact, that it attracts the attention of a Sammael, an ancient figure of darkness and a buyer of souls. And he will do anything to get his hands on it...And so begins a dangerous and daring quest. Danny, who is bewildered, alone and unaccustomed to acts of bravery must confront his fears, find his parents, and unravel the secrets of The Book of Storms...</p>

Abstract:	<p>It's been five years since the events of City of Heavenly Fire that brought the Shadowhunters to the brink of oblivion. Emma Carstairs is no longer a child in mourning, but a young woman bent on discovering what killed her parents and avenging her losses.</p> <p>Together with her parabatai Julian Blackthorn, Emma must learn to trust her head and her heart as she investigates a demonic plot that stretches across Los Angeles, from the Sunset Strip to the enchanted sea that pounds the beaches of Santa Monica. If only her heart didn't lead her in treacherous directions...</p> <p>Making things even more complicated, Julian's brother Mark—who was captured by the faeries five years ago—has been returned as a bargaining chip. The faeries are desperate to find out who is murdering their kind—and they need the Shadowhunters' help to do it. But time works differently in faerie, so Mark has barely aged and doesn't recognize his family. Can he ever truly return to them? Will the faeries really allow it?</p>

Abstract:	Award-winning writer Patrick Ness's bold and irreverent novel powerfully asks what if you weren't the Chosen One? The one who's supposed to fight the zombies, or the soul-eating ghosts, or whatever this new thing is, with the blue lights and the death? What if you were like Mikey? Who just wants to graduate and go to prom and maybe finally work up the courage to ask Henna out before someone goes and blows up the high school. Again. Because sometimes there are problems bigger than this week's end of the world and sometimes you just have to find the extraordinary in your ordinary life. Even if your best friend might just be the God of mountain lions... An exceptional novel from the author praised by John Green as "an insanely beautiful writer".

Abstract:	<p>Join plucky heroine Sophie, her eccentric guardian Charles, and her intrepid orphan allies on the rooftops of Victorian Paris, as they encounter suspense and adventure that will keep kids of all ages on the edge of their seats right to the heartwarming end.</p> <p>"My mother is still alive, and she is going to come for me one day."</p> <p>Everyone thinks that Sophie is an orphan. Found floating in a cello case and swaddled in a Beethoven score, she is the only recorded female survivor of a shipwreck on the English Channel. But Sophie remembers seeing her mother wave for help...</p> <p>Charles, a fellow survivor and an eccentric scholar, finds Sophie and brings her home to his London bachelor flat. Raised in a quirky home filled with music, words and love (though questionable diet), Sophie grows into a free-spirited tomboy with a taste for Shakespeare and the unshakeable belief that anything is possible. And you should never ignore a possibility.</p> <p>So when the child welfare agency in its bureaucratic wisdom threatens to send Sophie to an orphanage, the optimistic girl and her odd guardian flee to Paris on a quest to find her mother, starting with the only clue she has - the address of the cello maker.</p> <p>Secured in an attic to evade the French authorities, Sophie escapes through the skylight and meets Matteo and his network of rooftoppers - homeless urchins who tightrope walk above the busy streets below, dining on pigeons and snails alongside the gargoyles and bell tower of Notre Dame. Together they set out on an unimaginable adventure, scouring the city for Sophie's mother before she is caught and sent back to London - and most importantly, before she loses hope.</p>

Abstract:	Miles Murphy had it made. He lived in a great town near the ocean, he had two best friends, and, most importantly, he had a reputation for being his town's best prankster. All of which explains why he's not happy to be moving to Yawnee Valley, a sleepy town that's famous for one thing and one thing only: cows. Worse than that, Miles quickly discovers that Yawnee Valley already has a prankster, and a great one. If Miles is going to take the title from this mystery kid, he is going to have to raise his game. It's prankster against prankster in an epic war of trickery, until the two finally decide to join forces in order to pull off the biggest prank ever seen: a prank so huge it would make the members of the International Order of Disorder (a loose confederacy of pranksters that flourished a couple of centuries ago) proud.

Abstract:	Shelby Jane Cooper is 17, pretty and quiet. It's just Shelby and her mom, Shaylene, a court stenographer who wears pyjama jeans, stitches tapestry, eats ice-cream for dinner and likes to keep Shelby safe. So safe she barely goes out. So safe she doesn't go to school. Because anything could happen, to a girl like Shelby. When Shelby gets knocked down by a car, it's not just her leg that's broken: Shelby's world is shattered. Her mom turns up to collect her and drives off into the night, like it's the beginning of a road trip, like two criminals on the run, like Thelma and Louise or Bonnie and Clyde. And somehow, everywhere she looks, there's a coyote watching her, talking to her, telling her not to believe. Who is Shelby Jane Cooper? If the person who keeps you safe also tells you lies, who can you trust?
